

Need an

ESCAPE

We offer design-led, fashion-forward travel gear that moves with you, **sleek luggage**, **backpacks**, **handbags**, **totes**, and **curated travel accessories**, all under one roof.

Whether you're taking off on a solo escape, heading out with the crew, or just plotting your next big idea, Escape Plan is your sign to pack, move, and carry yourself differently.

ESCAPE PLAN IS WHERE YOUR NEXT JOURNEY

BEGINS.

OUR STORY

Escape Plan was born from a simple insight: while travel has evolved, the way we prepare for it hasn't. In India, travel gear has often been functional at best, outdated at worst — lacking the design, quality, and emotion that modern travelers crave.

Abroad, travel accessories had become a reflection of personal style — sleek, expressive, modular, and built for real life in motion. Back home, there was no single destination that brought together style, substance, and utility under one roof.

Escape Plan set out to change that.

We are a design-first, fashion-forward travel accessories brand, here to inspire how India moves — and how it expresses itself while doing it. From statement luggage and smartly built backpacks to travel gear that adapts to different life stages and styles, our products are crafted to support every kind of journey.

WE BELIEVE THAT HOW YOU CARRY YOURSELF MATTERS.

At Escape Plan, we don't just make travel gear.
We design movement.

Because every great escape starts with a plan — and the right things to carry with you.
